REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: claim 4, which was previously rejected as being anticipated by Bolton, is allowable because the Bolton reference does not include a mixing region as claimed. The Bolton device dispenses fluids from the reservoirs directly to the working surface but does not mix the fluids prior to such dispensing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter T. deVore whose telephone number is (571) 272-4884. The examiner can normally be reached on Monday to Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Justine Yu can be reached on (571) 272-4835. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
